

## TWO DEER HAVE NARROW ESCAPE AT WALLEY SPRINGS

VISIONS OF VENISON STEAKS  
ARE DISPELLED BY AP-  
PROACH OF LADIES

Jack Dempsey, who spent the last three weeks at Walley's Hot Springs, returned to Tonopah yesterday morning. He reports having an excellent time at the resort and is telling an interesting story about M. L. Hewett, manager of the place. Two wild deer arrived at the springs one morning about 5 o'clock. Hewett was notified and attired only in his pajamas, secured a rifle and made for the animals. Just about this time two ladies in a buggy approached the place and Hewett, realizing his scanty attire was not appropriate for the occasion, decided the deer could wait until he was fully dressed. When he again emerged from the house, the animals had migrated and the choice venison steaks, of which he had been thinking, appeared not at the breakfast table.

## YOUNG MINING ENGINEER TAKES MARRIAGE VOWS

MILAN DAVIDOVICH AND MISS  
MARY DUNHAM MARRIED  
IN FRUITVALE

Milan Davidovich, son of George Davidovich, one of the best known and most popular young men of this city, has "done gone and done it." The following dispatch received yesterday by Mr. Davidovich explains the story: "Fruitvale, California—Mary Dunham and I were married today." This telegram was signed by Milan.

The marriage is what might be termed the culmination of a romance, which started in Tonopah during the college days of the young mining engineer. His vacations were always spent with his father in this city and during one summer he first met Miss Dunham, the charming daughter of Sam Dunham, formerly one of the owners of the Tonopah Miner. It is presumed the couple became engaged but kept the matter secret.

When Davidovich left Tonopah some two months ago he made no mention of intending to break into the bonds of matrimony and on the contrary stated he was going to Yerlington to look after mining interests. Presumably these interests were looked after all right until the solitude of the desert mining camp became unbearable, when he took the first train for Fruitvale.

When the news became general yesterday afternoon, many of the friends of the groom immediately sent him congratulatory messages. These friends are already preparing to receive the couple in an elegant manner on their return to this city.

## TEX WATSON ARRIVES FROM GOLDEN ARROW

SAYS THAT DISTRICT IS IMPROV-  
ING DAILY—WILL BE  
BANNER CAMP

Tex Watson, who is widely interested in mining property at Golden Arrow, arrived from that camp yesterday and will remain here several days before returning to his home. He reports Golden Arrow and the surrounding camps as improving rapidly and states that when the new railroad arrives, many mines now closed will resume operations and start on the shipping of ore, which at present is too low grade to handle with a profit.

## OFFICERS ARE ELECTED BY THE MINERS UNION

SCANLON, DALZELL AND MAPES  
ARE RE-ELECTED TO  
FORMER OFFICES

An election of officers was held yesterday by the Tonopah Miners' Union, No. 121, and a large vote polled. The contest was exciting, as a good natured spirit of rivalry existed between several of the candidates. The counting of the ballots was completed at a late hour this morning, when the following named officers were found elected: M. J. Scanlon, president. Harry McNeil, vice president. R. H. Dalzell, secretary and treasurer.

Phil A. Lee, recording secretary. G. N. Benn, conductor. George Reed, warden. Pat O'Neil, Stuart Macdonald, Hiram Blyeu, financial committee. John Troy, A. B. Richter, Ed McLaughlin, trustees. R. J. Mapes, physician.

## VERY VALUABLE GRAPHITE DEPOSIT IS ENCOUNTERED

DIKE 400 FEET WIDE AND CAN  
BE TRACED 24 FEET ON  
SURFACE

A. J. Woodward, who owns an extensive deposit of graphite at Wall Canyon, or what is termed the Antelope mining district, near Round Mountain, is in Tonopah.

Mr. Woodward owns 18 claims in this district and has done considerable work in developing the deposit. He has driven a 60-foot crosscut and a 30-foot drift to more fully determine the extent of the body. A dike can be traced along the surface for a distance of 2400 feet and is fully 400 feet wide. From all appearances it seems to be a mountain of graphite.

Crystalline, steel gray and flake graphite have been discovered, as has a large quantity of pure carbon. The district furnishes a sufficiency of wood and water and the mineral can easily be transported to Millers by an excellent wagon road which is down grade all the way.

Graphite is quoted at 6 cents a pound and when the property is properly developed, it should prove a mint for the owner.

Another deposit of an unknown mineral has been discovered not far distant from the graphite, and up to the present time Mr. Woodward has been unable to ascertain the character of it. Many assays have been sent to experts which have baffled them. He will send a specimen to the bureau of mineralogy at Washington for a proper analysis. The rock bears a strong resemblance to platinum.

## THIS MORNING MARKS THE START OF SCHOOL DAYS

YOUNG AMERICA BIDS ADIEU TO  
THE MANY VACATION  
PASTIMES

Today is the day of blessings for it marks the beginning of a new school term and for the next nine months the youngsters will be kept busy with their studies. The blessings will be bestowed by the mother for after three months of trying to keep the house in order, can do so; by the men who labor at night and try to sleep days when a bunch of youngsters have congregated outside the window; and by the property owner who is tired of replacing windows broken during the vacation by reckless stone throwers. Verily, it will be a day thrice blessed.

## TONOPAH LAD USES EXPRESSION AT WRONG TIME

WOULD PATTERN AFTER HIS  
ELDERS WITH SORROWING  
RESULT

When the ball game was in progress Sunday one of the fans in the grand stand would occasionally give utterance to the expression "rotten" whenever the Goldfield umpire would favor his players, and which was quite often. Several times during each inning and very frequently in the last inning when the umpire's decisions were somewhat poor. A youngster, who was seated nearby had the word firmly impressed on his brain and that evening after saying his prayers he ended with the exclamation "rotten," much to the astonishment of his mother and to his ultimate sorrow.

## ENTERTAINS AT BEEFSTEAK PARTY MONDAY EVE

NOVEL AFFAIR TAKES PLACE  
ON THE WEST SIDE OF  
MT. BROUGHER

Monday evening Mrs. George B. Thatcher entertained in a novel way in honor of Miss Emma Wise and Miss Fritch. The affair was termed a beefsteak party, and about 28 young people were present. The beefsteaks and potatoes were cooked on the west side of Mount Brougher where the party gathered and with music and songs a very pleasant evening was spent. Miss Wise and Miss Fritch will soon depart for the coast to resume their studies.
